MEMORANDUM FOR: Acting Personnel Director

1. There is attached a memorandum from SE Division supplying information which purports to be supplementary to a request for Agency payment of educational expenses in behalf of dependents of Agency personnel stationed in [REDACTED]. The COA/DDP several weeks ago mentioned to Col. White that no action had been taken to approve or disapprove the request of the SE Division for such reimbursement. This office was unable to locate the original request of the [REDACTED] station. However, it was realized that last fall and winter there were a series of cables exchanged by the headquarters and [REDACTED] on this general subject and it was our feeling that perhaps the current request from COA/DDP related to those communications of last year. This may or may not be the case. In any case, it is obvious that considerably more information must be developed before [REDACTED] can reach a decision as to whether these [REDACTED] employees qualify for reimbursement for educational costs in line with the present Agency policy.

2. For such help as it may be, I am returning to you the entire file on the educational costs problem. This file includes the various cables and related materials pertaining to the claim for reimbursement made by the [REDACTED] station last year. It is requested that [REDACTED] deal directly with the DDP offices concerned to obtain such additional information as he needs (that is, it will not be necessary for him to route any inquiries through this office). The memorandum stating the final decision should, of course, be prepared for Col. White's signature.
